

Mirehaven Gives Back

CHARITY HISTORY

2017 - 2025

2017: Make-A-Wish® New Mexico

Raised: \$6,000

Webpage: www.newmexico.wish.org

Every 37 minutes Make-A-Wish® grants the wish of a child diag-nosed with a life-threatening medical condition and the New Mex-ico chapter has granted over 22,000 Wishes to date! Make-A-Wish supporters believe that a wish experience can be a game-changer. This one belief guides everything they do. It is this inspiration to grant wishes that changes the lives of the kids that are served.

2018: Saranam, LLC of Albuquerque

Raised: \$12,000

Webpage: www.saranamabq.org

Transforming the Lives of Families Experiencing Homelessness: Saranam is a 2-year housing, education, and community-building program for families experiencing homelessness in Albuquerque, NM. Saranam offers a comprehensive range of services to assist fam-ilies in transitioning beyond homelessness. Saranam provides free housing and basic needs for living (for up to 2 years). Accommoda-tions include completely furnished 2- and 3-bedroom apartments with phone and utilities, located in a supportive/safe community. Adult education includes GED preparation, life skills training and access to vocational and trade skills through Central New Mexico Community College (CNM) as well as scholarship funds for tuition, school supplies, tools and uniforms. Arranged childcare and the Children's Star Center provides for after school activities, tutoring and academic enrichment in a safe and engaging environment.

2019: Albuquerque Public Schools Title 1 Homeless Project

Raised: \$22,600

Webpage: www.aps.edu/title-i/homeless-project

The largest and most important safety net for homeless children and youth is the public school system, which provides both basic services as well as the education that is necessary to avoid poverty as adults. Homelessness among families has increased consider-ably in recent years and is most often due to unexpected financial setbacks that create a situation where the family can no longer pay for their housing. Research indicates that the enriching experiences of a high-quality education can be especially beneficial for home-less children because they provide stability and dai-ly routines that may otherwise be scarce in these children's lives.

2020: Meals on Wheels

Raised: \$42,258.35

Webpage: www.mow-nm.org

Meals on Wheels of Albuquerque nourishes bodies and spirits. They provide hot or frozen breakfast, lunch or dinner meals, with their home-delivered services ensuring that clients receive needed nutrition with a friendly face and wellness check. Eight different diet types are prepared fresh daily in the Meals on Wheels kitchens. No contracts needed to sign or qualifications to meet. Their programs include: 1) Long Leash on Life Pet Program providing healthy food and more to their clients' pets, 2) Local Harvest Program where fresh fruits and vegetables are purchased from local farms, and 3) Week-end Pantry Box Program providing low-in-come clients with food for days they don't normally deliver.

2021: Rio Grande Food Project

Raised: \$51,710

Webpage: <https://www.rgfp.org>

Rio Grande Food Project (RGFP) is founded on the belief that every-one deserves enough quality food to live a healthy life. This belief fuels RGFP's food pantry operations (largest pantry on the west side of Albuquerque), the RGFP Urban Garden, and RGFP's Communi-ty Hub where staff and volunteers help individuals and families connect with resources and community programs that address the causes and effects of hunger and food insecurity.

2022: New Mexico Dream Center

Raised: \$68,000

Webpage: <https://www.nmdreamcenter.org>

Homeless young people, in dire need of food and shelter, become easy prey for human traffickers. Statistics show that 48% of home-less youth reported that shelter was the main thing they traded sex for. Statistics also show that 1 in 5 youth will end up being trafficked. Whether it's for sex or for labor, without help, home-less youth face dire consequences. Your compassion and generos-ity can help bring about the change that is needed to save the lives of these young people who face an upward battle to survive. Our belief is that we are called to fill in the gaps in services, not recre-ate a program that already exists. Therefore we will stand in the gap for these children and develop and support them as we work on ensuring that these gaps get filled and stay that way.

2023: Paws and Stripes

Raised: \$59,000

Webpage: <https://www.pawsandstripes.org>

The mission of Paws and Stripes is to provide animal-assisted therapy and other mental health services to military veterans and their loved ones living with service-connected trauma. Paws and Stripes was founded in Rio Rancho in 2010 by Lindsey Kay. Lindsey was motivated by her passion for dogs, love of her country and those who have sacrificed so much to protect it. A veteran family member of Lindsey's suffering from PTSD and TBI motivated her to research multiple organizations, but her family member was unable to pay for service dogs due to the high cost. This inspired the incep-tion of an organization dedicated to providing service dogs at no cost to veterans in order to fill this critical unmet need for veterans.

2024: Animal Humane New Mexico

Raised: \$52,415

Webpage: <https://animalhumanenm.org>

Founded in 1965, Animal Humane New Mexico is the state's lead-ing private 501(c)(3) nonprofit animal welfare organization serving more than 10,000 homeless and at-risk dogs & cats each year. We never euthanize based on age or length of stay and since 2010, have re-homed 100% of healthy pets in our care. We sup-port every companion animal at Animal Humane with outstand-ing veterinary, social and emotional care, and love.

2025: The Greater Albuquerque Habitat for Humanity Specific Program: The Critical Systems Replacement Program

Raised: \$88,173

Webpage: <https://habitatbqrr.org>

Since its founding in 1987, Greater Albuquerque Habitat for Humanity has built affordable housing in communities through-out Albuquerque. Although they have a number of different programs, our donations will be going to the one they call Critical Systems Replacement Program, designed to assist elderly seniors and veterans, and/or cost-burdened lower income homeowners with needed repairs to their home such as water heaters, swamp coolers, furnace, roof repair, and ADA compliance issues.
